

## Product Information Sheet

<b>Product Range:</b>	Castaway Speedwrap Film
<b>Product Codes:</b>	CA-FWP1515, CA-FWP2525, CA-FWP3030, CA-FWP3535, CA-FWP4040, CA-FWP4545
<b>Description:</b>	Speedwrap Films are plasticised PVC food grade stretch/cling films exhibiting high clarity and excellent cling and food preservative characteristics.
<b>Material:</b>	Food grade virgin PVC resin, plasticisers and process aids formulated to provide high levels of strength, clarity and cling.
<b>Safe Handling:</b>	Suitable for wrapping all food types, including high fat foods. The film should not contact foods at elevated temperatures to ensure the film is not melted, e.g. when microwaving.
<b>Storage:</b>	To maintain the film's unique properties, it should not be subjected to prolonged extremes of temperature or direct sunlight and should ideally be stored below 20°C.
<b>Environmental Considerations:</b>	Because the film is contaminated with organic food material at time of disposal it cannot be recycled. Don't use excessive amounts of film for each wrap & dispose to an official landfill.
<b>Food Safety/ Quality Management Certifications:</b>	Only virgin, food safe raw materials are used for manufacture. Product manufacture is independently certified to HACCP 2003 Food Safety & ISO 9001 Quality Standards.
